WareMini

Max Results with Mini Effort

Your Choice,
Our Commitment

WareMini

Affordable high performance for warewash applications

It's not everyday that high performance and simplicity in use can be found in a single package that's also very affordable. SEKO's new WareMini range offers digital technology enclosed in a small attractive double pump system, pre-cabled and preset. The perfect recipe for ideal warewash dosing applications. Effortlessly delivering outstanding results, this WareMini range provides the perfect balance between value and benefits.

WareMini Digital LL
1 detergent pump, 1 rinse-aid pump

WareMini Digital DL
1 solenoid pump for powder detergent, 1 rinse-aid pump

WareMini Analogue LL
1 detergent pump, 1 rinse-aid pump

WareMini Analogue DL
1 solenoid pump for powder detergent, 1 rinse-aid pump

Spotlight

Digital Models Only

- Digital LED display provides clear visibility in any lighting condition
- Seko Unit set point displayed during operation to accurately monitor wash tank conditions
- Fast, easy programming; WareMini is pre programmed for typical, average wash tank conditions
- Probe and Probeless operation settings available
- "Air" display reading: Indicates chemical feed is delayed until the probe is fully submersed in water
- Safe Mode Option; Automatically switches operation mode to a probeless setting

Features

- Turn-key system - pre-cabled, ready to be connected, with no need to open and connect inside the system, reducing installation time
- Reduced inventory stock thanks to its switching (multi-voltage), power supply from 100-240Vac
- Simple hardware installation that needs no fixed power supply as powered directly through signals
- Very water resistant with a high degree of protection offered by the Nema 4X enclosure
- Designed to operate in the worst conditions with its extended conductivity range 200 μ S to 10mS
